SJ Valley Ideal Future 2050	
<u>Vote</u>	<u>Ideal ideas from participants</u>
11	Ensure Ag policy to keep SJV competitive, farm and trade profitable and be able to pay a livable wage to workers- Combined with we need a valley wide voice for Federal Ag Policies
11	Build cities so they can be served by good public transportation, walking and biking
10	Protect river and water ways
9	Preserve adequate drinking water and water for ag use
8	Protect viewsheds and open spaces and natural wild areas
6	Higher densities with in already urbanized areas
6	Support locally owned businesses
4	Food plan by community "eat local"
4	Think long term versus short term gain regarding land use decisions
4	Create communities where you can live, work and shop within neighborhoods
4	Planning where all sustenance is provided within a community
4	SMART growth in regards to air quality
3	Communities that provide positive activities
3	Affordable Housing
2	Understanding and appreciation of biodiversity
1	Clean delineation between farm and urban land with laws
1	Support existing ag processing centers versus new businesses coming in
0	Revitalize older neighborhoods cut down on new growth
0	Include all costs direct and indirect including social cost of pollution in land use decisions
0	Guarantee that we have adequate labor force for farming and all unskilled labor force
0	Villages where all members know each other and car and watch out for each other
0	Homes that have rooms for extended families
0	No more commuter neighborhoods
0	Control housing size

0	Not reliant on carbon based fuels
0	Jobs related to alternative energy
